

ADITYA SHARMA

Gmail: sharmaditya0049@gmail.com | LinkedIn | GitHub | Portfolio

SKILLS

- **Languages:** C, C++, Java, Python, HTML, CSS, JavaScript
- **AI & Other Skills:** Prompt Engineering, API Integration, AI Agent Basics, SAP ABAP (Basics), LlamaIndex
- **Coding Platforms:** DSA in C++, Solved over 200+ coding problems across platforms like LeetCode
- **Tools:** Git, GitHub, Postman, VS Code

EDUCATION

B.Tech CSE, Uttarakhand University, Dehradun

CGPA: 8.8 | 2023–2027

XII (UP Board), Shri Ram Krishna Yogasharam Inter College

78.8% | 2023

EXPERIENCE

AI Intern – YBI Foundation (Sep 2024)

- Completed Python Programming Internship focused on problem solving and project-based learning.
- Worked with Python fundamentals, logic building, and debugging.
- Strengthened programming logic and understanding of real-world development workflows.

PROJECTS

Naive RAG System [GitHub]

Built a Naive RAG (Retrieval-Augmented Generation) system using Python, Ollama, and LlamaIndex. Implemented embeddings, semantic search, document retrieval, and local LLM-based response generation to understand end-to-end RAG pipeline architecture.

Tech Stack: Python, Ollama, LlamaIndex, Sentence-Transformers, Scikit-learn, NumPy

AI Coding Agent [GitHub]

Built a basic AI-powered coding assistant using Python and API integration. Implemented prompt-based interaction for generating and improving code snippets. Integrated API-based prompt workflows for code generation and response handling.

Tech Stack: Python, OpenAI API, Prompt Engineering, REST APIs

Weather App [GitHub] [Live]

Developed a responsive weather application using JavaScript and Weather API integration. Implemented real-time weather updates with city-based search displaying temperature, humidity, and weather conditions.

Tech Stack: HTML, CSS, JavaScript, Weather API

CERTIFICATIONS

- Mastering Data Structure and Algorithms – Apna College
- Python Programming Internship – YBI Foundation

ADDITIONAL INFORMATION

- Languages: English (Fluent), Hindi (Native)
- Soft Skills: Communication, Teamwork, Problem Solving, Time Management
